Drilling Supervisor/Consultant Drilling Supervisor | Rig Manager | Senior Tool Push

Extensive hands-on experience in drilling operations, planning and preparing the worksite for drilling and inspecting all drilling equipment/gear before and after use. Skilled in executing drilling activities using related tools as per approved procedures while working with clients and colleagues to ensure exceptional service levels. Acknowledged on numerous counts for working efficiently in a team environment while supporting the overall business objectives of safety, quality, delivery, cost, and growth. Robust analytical and organisational skills with a strong technical aptitude combined with strong relationship skillset.

- Measuring Safety Performance
- Drilling & Rig Operations
- HSE Management System
- Risk Assessment
- Resources Management
- Technologies Integrated
- Process Improvement
- Cyber Drilling Rig
- Well Wizard/MD Totco
- Conventional Rigs
- Site Management
- Problem Resolution

PROFESSIONAL EXPERIENCE

KUWAIT OIL COMPANY, Kuwait

Apr 2015 – Apr 2017

Drilling Supervisor

- Exploration/Workover wells oil/gas onshore.
- Work as rig supervisor for Kuwait oil company (KOC) in deep drilling and work over department. High H2S zones. HPHT WELLS. Deviated wells. 3000 HP rigs.
- Retained accurate data collecting utilizing charts, graphs and down hole information.
- Implemented drill time optimisation program to continually reduce field drilling cycle time, and identified equipment and serviced requirements.
- Planned and executed activities related to oil and gas drilling (16,000ft – 22,000ft with 3000hp drilling rigs) as part of a high-performance team in a proficient manner.

HKN ENERGY, Iraq, Kurdistan

May 2014 – Aug 2014

Drilling Supervisor

- Exploration wells oil/gas onshore.
- Worked closely with team (Drilling Superintendent/Drilling Engineers), which utilised surface hole due to total losses and UBD had to be applied in the 17 ½" hole section, and supported the drilling operations group and the rig personnel in achieving EHS targets.
- Organised drilling programs and sought relevant approvals, and ensured availability of various drilling permits with Environmental and operations approvals.
- Executed performance improvement plans, based on reporting system data, and updated performance spread sheets and produced charts/graphs to highlight trends.

OCCIDENTAL ENERGY, Oman

Mar 2014 – April 2014

Night Drill Site Manager

- Drilled oil wells plus injection wells onshore.
- Responsible for day to day operations & implementation of the drilling program, rig site materials, requisitions & logistics.
- Hold pre-spud & close out meetings with appropriate Service Companies.
- Ensuring trouble free & cost effective operation, closely monitor & maintain HSE performance for all aspects.

Continue...

JAMIE GRANT

- Holding regular safety meeting with contractor & service personnel. Upgraded drilling procedures and provided technical standards as well as project policy and monitored all the drilling activities in the Mikizner field (17", 12 1/4", and 8 1/2" hole).

HKN ENERGY, Iraq, Kurdistan

Jul 2012 – Mar 2014

Drilling Supervisor

- Exploration wells oil/gas onshore.
- Adhered to all company safety, health and environmental instructions. Running 20" casing with Volant (CRTi) tool.
- Successfully managed day-to-day operations of drilling and completions in a safe and efficient manner.

ENSIGN INTERNATIONAL, New Zealand

Apr 2012 – Jul 2012

Rig Manager

- Exploration wells oil/gas onshore.
- Drilled holes to the required depth in accordance with company policies and procedures, client requirements, industry recommended practices and standards.
- Supervised and monitored all drilling systems and equipment. Supervise all drill crew work activities and complete appropriate drilling documentation to the satisfaction of the contractor.
- Optimised drilling parameters to achieve higher ROP while maintaining hole stability, and performed all technical calculations required to carry out drilling operations for day work projects.

WEATHERFORD DRILLING INTERNATIONAL

Rig Superintendent, Iraq, Kurdistan, Jun 2011 – Mar 2012

- Held accountable for daily paperwork and other matters of business pertaining to the rig. Also provided daily guidance to all personnel, managed their efforts to maximise operational effectiveness and overall performance.
- Guaranteed Company's and Client's HSE and Q/A policies and standards are implemented on the rig sites.

Senior Tool Push, Iraq, Kurdistan, Mar 2010 – May 2011

- Exploration wells oil/gas onshore.
- Facilitated communications between on-site management, and work crews to coordinate rig management and specialty drilling operations (15,000 feet with H2S heavy losses).
- Provided drillers and crewmembers help and guidance as needed, and assisted in the planning of upcoming events on the rig.

Senior Tool Push, Dubai, Jul 2009 – Mar 2010

- Worked on Commissioning and building two new rigs.
- Responsible for outfitting layout and operation of rigs.

Senior Tool Push, Pakistan, Aug 2008 – Jul 2009

- Exploration wells oil/gas onshore.
- Directed workers to erect, dismantle, and move drilling rigs and drilling crews in setting up and operating power units, draw works and other drilling equipment.
- Supported the drilling test facility, scheduled and planned work scope for testing and development of rig tools.

Additional Experience:

Rig Manager (Mar 2008 to Jun 2008) at Saxon Energy (Drillers Technology Mexico)

Senior Tool Push (Mar 2006 to Mar 2008) at United Precision Drilling

Night Tool Push (Oct 2004 to Feb 2006) at Precision Drilling International

JAMIE GRANT

Roughneck, Motor Hand, Derrick Hand, Driller and Night Push at Champion Drilling Ltd.

EDUCATION & CREDENTIALS

High School Diploma, Medicine Hat College

Drilling Rigs and Equipment: Drilling Rigs from 1500m to 6000m Top Drive Rigs, Kelly Rigs, Diesel Electric, Conventional Rigs and Telescopic Work over Rigs. Draw Works – National T-20 to National 80ue, 1325E, NOV JC50 | Pumps – PZ12, PZ8, PZ9, EMSCO F-1600, F-1000, F-800, Nat 10-p-130, Nat 12-p-160 and Letourneau (LTI) Pumps | Top Drive – NOV TDS 11, Tesco 250, 500 | Letourneau (LT1) Top Drive (Can Rig Top Drive)

Certification: Surface IWCF Level 4 | Well Sharp | Rig Pass | H2S Alive | Rig Rescue | Well Site Permit to Work System Rev 2 | Defensive Driving | Fall Protection
